WESTERN CAPE MOBILITY DEPARTMENT**NATIONAL LAND TRANSPORT ACT, 2009 (ACT 5 OF 2009)****INVITATION FOR PUBLIC COMMENT: DRAFT WESTERN CAPE PROVINCIAL LAND TRANSPORT FRAMEWORK (2024/25–2028/29)**

In terms of section 35(1), read with section 11(1)(b)(ii) of the National Land Transport Act, 2009 (Act 5 of 2009) (the Act), the Provincial Minister of Mobility has prepared the Draft Western Cape Provincial Land Transport Framework (2024/25–2028/29) (the Draft Framework) and invites members of the public to submit written comments on the Draft Framework. The Draft Framework is prepared to enable the Western Cape Mobility Department (the Department) to assist residents of the Western Cape to achieve their diverse needs, preferences and aspirations by providing mobility transformation. The Department is committed to fostering community connections, unlocking economic opportunities and advancing regional prosperity through the pursuit of mobility and spatial transformation.

The Draft Framework ensures compliance with the statutory requirements outlined in the Act and the Regulations Relating to Minimum Requirements for the Preparation of Provincial Land Transport Frameworks, 2011, published under Government Notice R825 dated 3 October 2011. The Draft Framework is positioned to tackle prevailing challenges that hinder effective transportation infrastructure and provisioning of systems, thereby promoting societal inclusivity. By aligning with the Provincial Strategic Plan's objectives and overarching development priorities, the Draft Framework sets the stage for progress and sustainable growth.

Collaboration between the Department and intergovernmental bodies, state-owned enterprises and private sector entities will facilitate the effective application of strategies and enhance coordination across various transportation modalities and organisational structures. The Draft Framework embodies a collective endeavour towards a more interconnected and prosperous future for all Western Cape residents.

The publication of the Draft Framework for comment fosters stakeholder engagement on transportation policies, strategies and initiatives.
